### AYER'S CHERRY

#### PECTORAL, FOR THE RAPID CURE OF

Colds, Coughs, and Hoarseness.

BRIMFIELD, MASS., 20th Dec., 1855.

DR. J. C. AYER: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomittant symptoms of a Cold, is your CHERRY PECTORAL. Its constant use in my practice and my family for the last ten years has shown it to possess superior wirtues for the treatment of these complaints. EBEN KNIGHT, M. D.

A. B. MORTLEY, ESQ., of UTICA, N. Y., writes: "I have used your Pectoral myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.

Croup, Whooping Cough, Influenza. SPRINGPIELD, MISS., Feb. 7, 1856.

BROTHER ATER: I will cheerfully certify your Pectoral is the best remedy we possess for the cure of whooping cough, croup, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people.

HIRAM CONKLIN, M. D.

AMOS LEE, Esq., Monterer, I.a., writes, 3d Jan., 1856
"I had a tedious Influenza, which confined me in door
six weeks; took many medichnes without relief; finally
tried your Pectoral by the advice of our clergyman. The
first dose relieved the soreness in my throat and lungs
fess than one half the butle made me completely well
Your medicines are the cheapest as well as the best we
can buy, and we esteem you, Doctor, and your remedies
as the poor man's friend."

Asthma of Phthisic, and Bronchitis.

WEST MANCHESTER, PA., Feb. 4, 1856.

SIR: Your Cherry Pectoral is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years.

HENRY L. PARKS, Merchant.

A. A. RAMSEY, M. D., ALBION, MOSROE CO., IOWA, writes, Sept. 6, 1855: "During my practice of many years I have found nothing equal to your Cherry Pectoral for giving ease and relief to consumptive patients, or curing such as are curable."

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its

effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the Cherry Pectoral affords relief and comfort.

Pectoval affords relief and comfort.

ASTOR HOUSE, NEW YORK CITY, March 5, 1856.

DOCTOR ATER, LOWELL: I feel it a duty and a pleasure to inform you what your Cherry Pectoval has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill; for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

Yours with gratitude and regard,
ORLANDO SHELBY, or Shefayyille.

Consumptives, do not despair till you have tried AYER'P CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cures all around as bespeak the high merits of its virtues. — Philadelphia Ledger.

### Ayer's Cathartic Pills.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these Pills have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their pene-trating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disor-dered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Curer have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my State afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:-

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for Aven's powers. The sick want the best aid there is for them,

SUCH as Indigestion, Acidity of the Stomach, Collicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous and Rheumatic and Neuralgic Affections, it has in numerous instances prived highly beneficial, and in others affected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Borhave. Because of its great success in most of the European States, its introduction in the U.S. was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions usy have been impaired by the continous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the sent of life, thrilling and quickening every nerve, raising up the drooping spirit, and in fact, infusing new health and vigor in the system.

Notice—Whoever expects to find this a beverage will be disappointed; but to the sick, week and low spirited, it will prove a grateful aromatic cordial possessed of singular remedial properties.

CAUTION The great popularity of this celebrated Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything until you have given Boerhave's Holland Bitters a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

Memphis, Tenn., Nov. 28, 1857.

I horeby certify, that having been badly bruised and scalded by the explosion of a Steam Boiler, a friend induced me to try Bragg's Arctic Liniment. The smart was instantly extracted from the scalds, and in a very short time, all the pain was gone from the bruises. In two weeks I was well, and able to resume my business.

men of Kentucky will be called upon to express at the polls their opinion of Know Nothingism and its candidates. The fanatical and bigoted party which stole into the State in disguise, and under a hypocritical mask, spread moral desolation throughout our Commonwealth, is about to make one more effort at the polls. It is a desperate attempt, and in all human probability will be the last struggle against the Democracy by Sam in his present garb. When his incongruous forces are next arrayed against the Democratic party, they will be marshalled under a new name, and will vary their mode of warfare and fight with entirely different weapons. The humbugs of Know Nothingism have been tried and condemned by the people. GEORGE R. McKEE will attempt to rally the scattered forces of the opposition once more, for a contest on the first Monday of August. After that day Know Nothingism will never appear again upon the political battle field of Kentucky. But the incongruous elements that compose it; the mob of isms now rejoicing un ler that witty name, will gather under some new leader, and with different professions, will endeavor to delude the people.

gued. A Remarkable Case of Circumstantial Evidence. The Louisville Journal says:

Merriwether v Garrison, Jefferson-were ar-

A case of considerable interest has occured in Monroe county, Arkansas, which shows how strong a chain of circumstances can arise against an innocent person. Two men named Passamore and Lewis had rafts contigeous to each other, in White River. An oar escaped from the raft of P. and lodged in the neighborhood of that of L. who secured it, and the former had the latter arrested for stealing it, but he was acquitted. Very naturally L. gave vent to some hard words against P. The laster did not resent them, but wowed his intention to give L. "a hot bed in hell before three days."

A short time after Passamore was seen going in a canoe toward Lewis' raft, armed with a double-barreled shot-gnn and a Bowie-knife. When about sufficient time had elapsed for P. to reach L.'sraft, two discharges of a gun were heard. Next day Lewis was to deliver his raft at a mill in Clarendon, close by, but, as he did not do so, suspicions of something wrong were excited, and a number of persons went to where the raft had been, but it was gone, and no traces of anybody connected with it could be found.

Some weeks after this period, a man going up Allen, Joshua the river found in some drift-wood a body whose size and dress answered a description of Lewis', Burton, Jas. T. The body had in it buck-shot holes and stab . Passamore was arrested and held in a heavy bail. Shortly after this the steamer Sam Hale arrived at Clarendon, and the pilot, Bateman, and the Barry, Bridgett Captain, Dougherty, cleared Passamore of all Bullock, Wm. F. suspicion by testifying that they had seen Lewis Byars, Dr. W. J. at Napoleon three weeks after the occurence, Cameron, Donald 2 and that the had paid him money that had been owing him. Passamore was, of course, discharged Clark, Thomas P.

Webster City, lowa, Nov. 9, 1857.

Ur. A. G. Bragg-Drar Sir: For more than three years I had been afflicted with inflamed eyes in an aggravated degree, and tried various Physicians, and several nostrums, to no effect; I was induced by Dr. Baum to try the Arctic Liniment, and in two months was nearly well. My little daughter was afflicted in the same manner for the same time, and during a portion of the time was entirely blind in one eye. I applied your valuable Liniment, and her eyes are now perfectly sound. Thus have I, with one two-bit bottle, cured my daughter's eyes and my own, besides curing the Rheumatism in my back. I would not be without your valuable remedy in my house.

Very truly.

We cordially recommend it to all livery stable keepers and others having the care of horses.

DR. J. C. Ayras: I do not hesitate to say
the best remedy I have ever found for
Coughs, Hoarseness, Influenza, and the
concomitant symptoms of a Cold, is your

BROTHER ATER: I will cheerfully certify your Pactoral is the best remedy we possess for the cure of whooping cough, croup, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people.

"I had a tedious Influenza, which confined me in doors six weeks; took many medicines without relief; finally tried your Peterval by the advice of our clergyman. Doctor Afer. Lowell: 1 feel it a duty and a pleasure to inform you what your Cherry Pectoral has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill; for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

Ayer's Cathartic Pills.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these Pills have virtues which surpass in excellence the ordinary medicines, and that they win un-precedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their pene trating properties stimulate the vitel activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disor-dered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exaited position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints: certificates of their cures, of the following complaints:—
Costiveness, Bilious Complaints, Rheumatism, Dropsy,
Heartburn, Headache arising from a foul stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain
arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an avacuant
medicine, Scrofula or King's &Fil. They also, by purifying the blood and stimulating the system, cure many
complaints which it would not be supposed they could
reach, such as Deafnoss, Partial Bilindness, Netralgla and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for Ayen's PILLS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative The sick want the best aid there is for them, and they should have it.

Magnificent Work of History. WHOLELIBRARYINITSELF. FOR FIVE DOLLARS?

1235 Pagss-70 Maps-700 Engravings. History of All Nations,

From the earliest Period to the Present Time, or UNIVERSAL HISTORY. In which the History of every Nation, Ancient and Modern, is separately given.

By S. G. GOODRICH, Author of "Peter Parley's Tales;" "Recollections of a Lifetime," etc.

It contains 1935 pages, royal octavo, and is Illustrated by 70 Maps and 700 Engravings; Bound in TURKEY MOROCCO, OK CLOTH.

TWENTY-SIX THOUSAND COPIES of this clab-

orate work have already been sold! The flattering confidence indicated by this liberal patronage, has induced the author and publishers to revise the work thereughly, to bring it down to the latest period, and taintroit as NEW & SUPERIOR ILLUSTRATIONS.

NEW & SUPERIOR ILLUSTRATIONS.

Thus improved and perfected, it is believed that no other Universal History can compare with this, for the fullness and accuracy of its statements, the convenience of its arrangements, the clearness, simplicity and dignity of its statements, the clearness, simplicity and dignity of its stale, for the consequent interest which it excites, and the valuable instruction which it imparts, or for the durability and neatness of its mechanical execution.

It is believed that this work by Mr. Goodrich, will be very acceptable to the whole reading public. This is the result of years of toil and labor, assisted in his researches by several scholars of known ability, and has been got up at a great expense by the proprietors. No pains have been spared in the execution of the Illustrations and Maps, which are entirely new, prepared by the distinguished author expressly for the work. Indeed, all the other historical writings of Mr. Goodrich sink into insignificance, when compared with this, the result of his riper and matuer years.—It is admitted that One Hundred Dollars could not purchase the same matter in any other shape; and the publishers confidently expect that, in consideration of the great liteary value of the work, the large sum expended in preparing it for the press, and the exceeding moderate price at which it is offered, that it will be favorably received by every lover of good books.

We state positively that this work is not, and will not be for sale in any bookstore in the country. It is affered only by our Soliciting Agents, one of which is the distributor of this Circular, and by whom alone

Monordd Sir.: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on exeruciating neuralgic pains, which ended in chronic cheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until, by the advice of your excellent agent in Balkimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

Dr. Free: I have been entirely cured by your Pills of Rh...math Gout — a painful disease that had afflicted me for years.

For Dropsy, Plethora, or kindred Complaints, 15quiring an active purge, they are an excellent exacts.

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual. Fits, Suppression, Paralysis, Inflamma-tion, and even Deafness, and Partial Blind ness, have been cured by the alterative action of these Fills.

Most of the Pills in market contain Mercury, which, at though a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that fre-quently follow its incautiors use. These contain no more cury or mineral substance whatever.

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues.

Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary compaints have made it already known. Nay, few are the families in any civilized country on this continent with families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasancest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steal apon them unprepared. We have abundant grounds to believe the Cherry Pedaral saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neg you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexerable canker that, fastened on the vitals, eats your life away All know the dreadful fatality of lung disorders, and a they know too the virtues of this remedy, we need not more than to assure them it is still made the best it c. be. We spare no cost, no care, no toil to produce it t most perfect possible, and thus afford those who rely it the best agent which our skill can furnish for their cu

Dr. J. WILLIAMS—Dear Sir:—For fitteen years previous to 1854, I suffered so much from Dyspepsy, that I became completely prostrated, both in mind and body, and at length became so weakened, I could not attend to my business, and was sinking into a decline, and it was believed I never could recover; the best medical aid was procured for me and every means resorted to without any relief, till I was advised to use your "Elixir," and from the time I began taking it, I gradually improved till I was completely restored to health. The dreadful sufferings I endured from Dyspepsy I cannot describe; but I am confident that without the use of your "Elixir," I should be in my grave. I assert that I solemely believe your "Elixir" has saved me from an early death. I continue now in the enjoyment of most excellent health. H. N. SPERRY.
